Welcome to YASTU VENTURE

Yastu Venture is committed to the business of Eco-Friendly products. We have been serving bio-degradable products to global customers.

As an experienced supplier and exporter from India, we prioritize quality, competitive pricing, and on-time delivery. We serve wholesalers, retailers, restaurants, and catering companies looking for reliable and eco-conscious solutions. Our mission is to promote sustainable living by replacing single-use plastic with natural alternatives. All our products are 100% compostable and decompose naturally, leaving no harmful residue.

Here's why you'll love to use:

Sustainable & Eco-Friendly : Crafted from fallen Siali leaves, our plates and bowls are completely natural, compostable, and return to the earth without harming the environment. Say goodbye to plastic waste!

Naturally Stylish : The unique texture and earthy tones of Siali leaves add a touch of rustic charm and sophistication to any gathering, from casual picnics to formal events.

Durable & Leak-Proof : Don't let their natural origin fool you! These plates and bowls are surprisingly sturdy and leak-proof, perfect for holding a variety of foods, hot or cold.

Chemical-Free & Safe : Our products are free from harmful chemicals, dyes, and glues, ensuring a safe and healthy dining experience for you and your guests.

Versatile : Ideal for weddings, parties, catering, food trucks, restaurants, or even everyday use.

Mission

To revolutionize sustainable consumption by crafting innovative, high-quality, and genuinely biodegradable products from natural leaves, offering a responsible alternative to conventional materials and nurturing a healthier planet for future generations.

Vision

To be the global leader in leaf-based sustainable products, inspiring a widespread shift towards eco-conscious living and demonstrating that nature's bounty can meet human needs without compromising environmental integrity.
